

Notice of AGM Wednesday 26th September 2018
Learning and Development Centre, Calderdale Royal Hospital
Plus
GMC Liaison Officer “How to keep out of trouble”

Dear Colleagues

As a break from the format of previous AGMs, where the AGM has been tagged onto a regular LMC committee meeting, Calderdale LMC would like to be able to report back to its constituents on its activities over the previous 12 months in greater detail. We feel it very important that the LMC shares with practices where and how their levies are being used currently and how we hope to represent you in the future.

In order to make the evening of greater value, the LMC have asked our local GMC Liaison Officer to present a short interactive session which would additionally contribute towards CPD/Appraisal.
